Join the **Hemophilia of North Carolina** Latin Union Group for lunch and a presentation on genetics. The program will include an education about inheritance, testing, management, prevention, resources and research. Our speaker for the presentation is:

**Kristin Paulyson Nunez, MS, CGC**  
*Senior Genetic Counselor*  
*Fetal Diagnostic Center*  
*Hemostasis & Thrombosis Center*  
*Duke University Medical Center*

The program will be presented in Spanish only.

The meeting will be followed by tickets to the **Discovery Place** in Charlotte where families can enjoy the afternoon visiting all the exhibits including the featured exhibit, *Circus* where spectators become performers. A great day of fun for all ages!
